SUBJECT: Docket #98P-0203/CP

Under docket #98P-0202/CP, please grant my petition to ban forced molting.

This practice is extremely cruel to the chickens and potentially unhealthy to the people. We don't want to eat the meat of chickens that were tortured to their deaths.

Debunk this procedure immediately. It is of no value to chickens or people and a totally unnecessary and uncreditable business of poor taste.

We are a technologically advanced society with no need to torture the animals that give their lives for our welfare.

Respectfully submitted,
